

# Citizen Scientist Roundtable Luncheon

Friday, March 31  
Room 612, IGB  
12:30–2:30pm

The First annual OLLI Citizen Scientist Roundtable Luncheon will showcase an overview of the program and current research, with Citizen Scientists discussing their experiences.

The Citizen Scientist Program is a groundbreaking collaborative endeavor of the Carl R. Woese Institute for Genomic Biology, the Beckman Institute for Advanced Science and Technology, and the Osher Lifelong Learning Institute (OLLI). The initiative pairs OLLI members with faculty in laboratories on the Illinois campus.
