

POLLEN

POWER!

**a summer day camp
for middle school girls**

**Institute for Genomic Biology
on the University of Illinois campus**

July 8th through July 12, 2013

9 a.m. — 5 p.m.

Dropoff 8:30 a.m. — 9 a.m. / Pickup 5 p.m. — 5:30 p.m.

(Lunch and snacks will be provided)

Learn about the wonders and power of pollen!

- Investigate pollen as a time capsule that can tell us about the climate from millions of years ago
- Use hi-tech microscopes to identify ancient pollen and watch pollen germinate in real-time!
- Tour state-of-the art research labs and facilities on campus

Contact: Melissa McKillip, Camp Director

pollenpower@igb.illinois.edu or 217-333-4619

Cost per camper is \$350. Scholarships are available.
