

A forum for faculty to share their research needs with the Year of Cyberinfrastructure Executive Planning Committee.

**Monday, April 13**  
**12:00 P.M. – 1:00 P.M.**  
**IGB Conference Center (612/614)**  
*Lunch will be provided*

The Executive Planning Committee is committed to including your input in our planning process. Please join us for lunch and share your research experiences. We would like to hear about:

- The general nature and scope of your research
- Types of IT resources you currently use
- Type and size of data/data sets you use or produce
- Existing barriers
- Anticipated future needs

Please email Laura Herriott ([herrio@illinois.edu](mailto:herrio@illinois.edu)) to RSVP or ask questions.

*The Year of Cyberinfrastructure is an initiative supported by the Vice Chancellor of Research and the campus CIO with the goal of identifying the IT infrastructure, expertise, services and resources necessary to support current and future research on campus.*
