

**Institute for Genomic Biology**  
**Core Facilities**

**Questionnaire on Instrumentation and Services**

1. Please mark what instruments that you may use within the next nine months:

**Microscopy**

- Wide Field Fluorescence Microscope
- Fluorescence Dissecting Microscope
- Laser Capture-Microdissection Microscope
- Spinning Disk Confocal Microscope
- Microtome
- Cryostat
- Tissue processor

**Image Analysis**

- 2D measurement and analysis
- 3D measurement and analysis

**Clean Room**

- Mask aligner
- Etching hoods

**Bioanalytical**

- GCMS
- Real time PCR

2. Please mark what services that you may use within the next nine months:

- Histology
- Invitrogen Supply Center
- Technical assistance with developing protocols

3. Would a point scanning confocal benefit your lab?

- Yes
- No

4. Would you like to participate in an educational outreach program hosted by the Core Facilities?

- Yes
- No

5. Do you have suggestions for new instrumentation?

---

---

---

6. If you would like to be contacted, please include your name and email:
