

YOU + NCSA = ENDLESS POSSIBILITIES

Illinois undergraduate students, NCSA wants **YOU** for paid spring semester internships! Get hands-on experience with challenging projects in cybersecurity, bioinformatics, 3D visualization, extreme-scale computing, and more! Participating organizations and projects include: Blue Waters, XSEDE, eDream, Illinois Informatics Institute, and HPCbio.

Come to the kick-off of NCSA SPIN (Students Pushing Innovation) from 4 to 6PM Oct. 24 at the NCSA Building (1205 W. Clark St., Urbana, IL).

Meet with NCSA staff and learn more about the projects you could join. Free snacks provided, courtesy of eDream.

Keynote Speaker Jerry Fiddler

Fiddler will give a keynote talk on INNOVATION at 4:30PM Oct. 24 in the NCSA Auditorium.

Illinois alumnus Jerry Fiddler co-founded Wind River, which grew to become the leading provider of device software worldwide. As the principal of Zygote Ventures, Fiddler has helped create and grow companies, as CEO, director, chairman, investor, and advisor. He is now the chairman of Solazyme, a biotech company working with algae for energy, industrial, and health applications.
