

PIONEERS IN GENOMIC BIOLOGY

Engineered Polyketide Synthases as a
Platform for Synthetic Chemistry

Jay Keasling, PhD

University of California
Berkeley College of Chemistry

Professor, Department of Chemical
& Biomolecular Engineering

Professor, Department of Bioengineering

10.08.19

12:00 PM

1206 West Gregory Drive
Urbana, IL

612 IGB Conference Center

**Carl R. Woese Institute
for Genomic Biology**
