

CARL R. WOESE INSTITUTE FOR GENOMIC BIOLOGY

Genomes at Home

A series of hands on science activities that can be done on Zoom from the comfort of your own home. Designed for elementary and middle school children, all members of the community are welcome. Activities will cover topics including the environment, energy use & production, health, and fundamental research at the IGB in an approachable manner for all ages.

Saturdays at 2:00pm
October 17 - November 21
Online via Zoom

Materials can be printed at home or picked up at the Champaign Public Library or the Urbana Free Library. For the library address, materials and activities list, zoom address, and other information, please visit
